Active Learning Technique

**Description**

TopHat Platform
Interactive Reading and Slides

Adopt Tophat content for interactive modules/slideshows and attendance. Faculty can track attendance and see the student engagement and specific learning outcomes immediately and integrated into Blackboard.

**Benefit to Student**

Students are engaged with their reading which is customizable by faculty with videos/links of current content or professor-created content. Students are engaged in their classroom or virtual lectures by seeing the active questions and responses with student and faculty immediate feedback.

**Components**

- Interactive Content
- Engagement
- Customizable Content
- Immediate Feedback

**Teaching Modality**

Face-to-Face
