

**Student Learning Outcomes Assessment**  
**IMPLEMENTATION OF IMPROVEMENTS STATUS REPORT**  
**Semester: Spring 2017**

Program: B.S. Business Analytics			
Date: June 15, 2017			
Current status of efforts to implement the improvement strategies identified in the Use of Results for Improvement Reports. Identify improvement strategies in addition to those identified through assessment of learning activities.			
Improvement Strategy	Description of Progress Made	Faculty Member Accountable	Date Completed
Develop real world projects for different topics in BAN 4103.	Developed projects for students with real data and compared case studies at the beginning of the semester and at the end of the semester. Also developed real world business cases in the areas of operations and global supply chain management which utilize high level of analytical skills, critical thinking, and teamwork.	Mark Wilson	December 2016
Include research process projects for students in several upper division business analytics courses.	Added research process projects to courses where students formulated their own research question and sharpened their research skills in order to develop their professional opinions.	Sabrina Olivarez	December 2016
Refine the lecture notes and teaching methods to develop lot acceptance concepts in BAN 4213 and BAN 4423.	Added enhanced lesson materials related to quality control and inspection acceptance limits to BAN 4213 and BAN 4423.	Luis Estrada Rohit Rao	December 2016
Introduce more industry speakers to selected upper division classes.	Speakers made presentations in Service Operations and Supply Chain Management courses and gave the audience a "dose of reality."	Mark Wilson	December 2016
Provide additional support to develop student communication skills.	Included more written reports and memoranda explaining results of analyses in support of making proper business recommendations in BAN 4223 and BAN 4253.	Ray Avery Samantha Driscoll	December 2016
For foundation course provide more reviews of materials from prerequisites courses.	Included reviews for the CBK courses to provide leveling.	Ray Avery	December 2016
